AMERICAN & FOREIGN PATENTS

R. H. EDDY, Solicitor of PATENTS (late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
NO. 76 STATE, OPPOSITE KILBY ST., BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Bonds, Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superor facilities for obtaining patents

All necessity of a journey to Washington to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practicioners with whom I have had official intercourse.
CHAS. MASON," *Commissioner of Patents.*

"I have no hesitation in assuring Inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.
Boston, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART."

From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made, on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

DR. MOTT'S
CHALYBEATE RESTORATIVE
PILLS OF IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion of Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innocuous in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Incipient Consumption, Scrofulous Tuberculosis, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bedridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land.—Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for *Piles*, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness.*

In unchecked Diarrhœa, even when advanced to Dysentery, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and stength, debilitating cough, and remittent hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In Scrofulous Tuberculous, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this *remedy* and *restorative*, in the cases peculiarly affecting them.

In Rheumatism, both chronic and in flammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers, it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 60 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed

(For the News.)

MR. EDITOR:—As the *Daily News* is giving reports of the Republican demonstrations in various portions of the country, we do not see the reason why Little Compton should not be represented and placed on the catalogue of rejoicings at the election of Lincoln and Hamlin. For, on Monday evening, 12th inst., a grand preliminary exhibition took place on the Commons, with a display of torchlights, fireworks, illuminations, martial music, horse company and footmen, together with quite a good gathering of ladies, which ever adorn and promote social chit-chat. But this was but a trifle compared to another demonstration that came off on Saturday night, 17th inst.

At an early hour in the evening, the houses and stores in the village were most brilliantly illuminated from basement to attic, the streets and trees decorated and hung in clusters of Chinese lanterns of different hues; the citizens of various parties began numerously to collect, to participate and mingle in the festivities of the evening. A company of horsemen, consisting of about fifty, with torches, made their appearance in front of Col. Oliver C. Brownell's, also a large company of footmen, with torchlights, joined the procession. The [illegible] band, assisted by Col. Oliver C. Brownell, as usual, and marched several times through the village and around PIKE'S PEAK, attended with martial music, making the welkin ring, at every dwelling, with their loud huzzas for *Lincoln and Hamlin.* The procession then marched out of the village to greet their neighboring friends, and congratulate them on the happy political result. Just out of the village they observed the house owned and occupied by a single colored lady, named Lucy Collins, which was tastefully illuminated in the form of a pyramid; here they gave three loud and lengthy cheers for her patriotism. Marching further on, they halted in front of Messrs. John Church's and Jonathan Brownell's; after going through a few evolutions, they gave each three hearty cheers for Lincoln and Hamlin; these two houses were beautifully illuminated, Mr. Brownell's in particular, which was admirably festooned with lanterns of varigated colors that were delightful to behold.

From thence they called on Col. Amasa Gray, who is ever ready for a good time, and whose dwelling was splendidly decorated with brilliant lights, while torches were burning on the outside. Here the companies partook of a collation prepared by the Colonel himself. After a few friendly greetings and cheers for the Colonel and Lincoln, they called on Geo. Staples, Esq. His dwelling was sparkling splendor from base to attic; here, also, they poured forth loud cheers for Lincoln and Hamlin, and wound up with three more for Mr. Staples. They then returned to the village, where they were met by the crowd with firing and tremendous cheers, and after a brief address from the Hon. Nathaniel Church, the companies were dismissed, highly delighted with the evening's entertainment, it being the greatest and most attractive political gathering ever known in a small town like Little Compton. Yours as ever, &c.,

LITTLE COMPTON, Nov. 19, 1860.

ORVILLE GARDNER'S FOURTH WAR COFFEE ROOMS.—The first of the regular weekly Temperance meetings of this season, was held last night at Mr. Gardner's Coffee and Reading rooms, in the New Bowery. Mr. Gardner opened the proceedings with a modest and touching statement of the doings, past and present, the finances, and the future prospects of the association of philanthropists who sustained this mission-house of temperance. He said that during the Society's existence of something more than eighteen months, fifteen hundred persons had been induced to take the pledge to abstain from all that can intoxicate; nine hundred of whom might be said to have been rescued from drunkard's graves, and several of whom had since become preachers of the Gospel. It had been, he said, the work of the Fourth Ward Coffee Rooms to extend to the homeless, friendless drunkard the re-

diant hand of charity. They had invited to home and homely comforts the abandoned of the squalid district in which the Coffee Rooms are situated. More than nine hundred of these poor creatures they had clothed and fed, and to such as needed nothing more they extended words of encouragement and cheer. Mr. Gardner drew from his own experience of 17 years as a moderate drinker, sporting man, habitual drunkard, prize-fighter, and fugitive from justice, terrible pictures of the life of a drunkard. Of a hundred men who were once "hail fellows well met" with him over the ruby wine, he could call to mind five only over whose shame the sods of oblivion had not fallen. His described as four men could, the horrors of delirium tremens, and besought the younger members of his audience to walk in the paths of virtue and temperance, which are paths of pleasantness and peace. Mr. Gardner having finished, other gentlemen interested in this praiseworthy movement followed in interesting speeches of short duration, and thus the evening was spent in a pleasant and profitable manner.—*N. Y. Sun, 19th.*

The Daily News.

Saturday Morning, Nov. 24. 1860.

THE DISTURBANCE IN KANSAS.

The latest intelligence from Kansas is, if it may be relied on, of an alarming character, the substance of which appeared in our paper yesterday. But experience has taught us that first accounts, particularly those received by telegraph, are almost invariably exaggerations and distortions, presenting the case in a much worse light than it really is. That it is bad enough, however, all will admit. And so it has been ever since the first attempt was made by Free State men to gain a foothold on that territory. Every species of insult and injury has been heaped on them by the Border Ruffians, and with the connivance, if not the assistance, of the Federal government.

The latest injustice, and that which has doubtless given rise to the present disturbance, is the driving of settlers from Government lands by order of the United States Government. Along the Southern border of Kansas, adjoining the Indian territory, lies some of the most productive soil of the West. The Free settlers early hastened thither, and protected by the first boundary survey built their houses, and put the land under cultivation. Representations were made at Washington; the boundary was ordered to be re-surveyed, and, by methods with which [illegible] wide belt of this land was ascertained to belong not to Kansas but to the Indian territory. Seeing that the land was not wanted for Indians, and was actually in the occupancy of the whites, it might have been supposed that the greatest measures would have been employed to recover the tract. Victims of an official blunder, the people, in a year of famine, suffering and apprehension, might have expected delay and indulgence, that they might find other altars for their household gods. They seem to have made this unhappy miscalculation. Two or three notices to quit were not obeyed, apparently because the squatters could not bring themselves to believe that an eviction so sudden, needless and ruinous would actually be enforced on the threshold of winter, and did believe that if the winter left them undisturbed, the forthcoming Republican administration would interfere for their relief.

Never was an error more fatal. Two weeks ago, armed bands of men, led by Government agents, entered this tract and commenced a campaign which for savage ferocity and inhumanity can only be equaled in the history of Indian outrages. They proceeded from house to house, drove the inhabitants into the field, and burned their cabins, and often their household goods, before their eyes, and turned them adrift amid the hopeless desolation thus spread about them. The famine-stricken homes of Northern Kansas are thronged with fugitives from this scene of barbarity. And the work of ejection still proceeds with undiminished rigor.

What wonder, then, that goaded to madness by their wrongs, these men should arm themselves for organized, systematic resistance? They may be wrong in thus offering resistance to the constituted authorities, and may meet the fate of John Brown and his deluded followers, but the injustice which led to their disaffection will ever be remembered as a lasting disgrace to the present administration.

Says a Philadelphia paper: If Queen Victoria would walk down Chestnut street in a pair of thick shoes, with Balmoral petticoat appearing over her instep, and a water-proof tweed sack on her shoulders, she would reduce our importations from France twenty-five per cent., and probably defer another financial crisis for at least ten years.

Humors of the Crisis.

"THE SOUTH CAROLINIANS are organizing "minute men." There's no use in their attempting to fight us, for every squad of sixty would be *ours* as they attempted to *strike!*

"A NEW NATION IN HISTORY—A Southern office-holder's resignation.

"EASILY DISPOSED OF—An army that fears a single Garrison.

"A PARADOX.—Law is a Bell elector in Georgia, who talks about nullification. Now if Law gets lawless, the State may become Lawless also, and, singular as it may appear, the Law will have been executed.

SECESSION—The *Toombs tone* of the South.

KING COTTON RIVALLED.—The fire eaters say that the Northern people depend on cotton. If these fellows keep on, some of them may find themselves *depending* on hemp.

DISSOLUTION COMING.—Bands of minute men are forming in the South. These organizations will be *minute* enough before long.

BUCHANAN'S POSITION—De position."—*Norwich (Ct.) Bulletin.*

SOUTH CAROLINA THREATENS to shake the dust of the Union from her feet. More likely she'll shake the "dust" from her pocket.

THE REPORT THAT NORTH CHELSEA and Winthrop are preparing to secede from the 5th district, because of Mr. Burlingame's defeat, and that they have sent Commissioners to Ward Six, which is expected to act with them, is entirely without foundation.

THE BANK OF SOUTH CAROLINA has suspended. If the leading secessionists could be placed in the same position, it would be all the better for the Southern people.—*Boston Traveller.*

Quoth the grave Uncle Sam, to his petulant daughter,
What on airth do you mean by secession?
You alat goin' to leave us, you want only to plague us,
To keep up your old reputation.

Sisters Alabama, and Georgia, Arkansas, Sis-sippi—
Will never be led by a jade so capricious,
Beside if you stray child away but a day child—
You'll awfully—awfully—weepingly miss us.
Hoboken Circuit Judge.

WE GIVE NOTICE that we intend to continue the publication of the Louisville *Journal* until the 4th of March, 1865, and we shall print it in the United States. We don't relish the idea of collating New Albany and Jeffersonville items under the head of "Foreign News."—*Louisville Journal.*

SOUTH CAROLINA DISPATCHES say, that that State can bring 200,000 men into the field at once. In 1850, the total white male population of the State, was 137,747; or if we leave out children and include females among the fighters, we find there were between 20 and 80 years of age, 123,803.

THE CHATTANOOGA (TENN.) ADVERTISER has a column which bears a picture of Jackson at the head.

JUST AS SOUTH CAROLINA declares her independence of the North, her banks have resolved not to suspend until the Northern banks take that step.

Republicanism in Missouri.—It is tolerably easy for a man to be a Republican in a free State, where freedom of thought and action are really respected, but we think the Republicans of the slave States are deserving of very great credit for their boldness in voting for Lincoln in defiance of the dangers around. Missouri is perhaps the most liberal of all the slave States, and yet it is no easy matter even there to withstand the influence brought against Republicanism. It should be remembered that in the slave States the votes are given *viva voce*, and not by secret ballot, on purpose that the slaveholders can "mark" every man.

We were shown a letter yesterday from a Republican gentleman at Gallatin, Mo., to his brother in this city, in which he gives the following account of his experience of the way in which Democratic ideas of freedom and equality are carried out in Missouri:

"I went on Tuesday last to Gallatin and voted for Lincoln. I arrived just in time to see one man run (driven) off for casting such a vote, and to find that I had been threatened all the forenoon. I went up amid the utmost excitement, and *voted*. Some of the nigger-drivers wrote a notice for me to leave, but were afraid to give it to me. I saw one man vote for Lincoln amid the shouts of "hang him! hang him!" "put him out," &c. No man dared vote the Republican ticket without being armed with a revolver and a knife."

With such a spirit abroad—with threats and violence to contend against—and yet with probably 25,000 votes cast for Lincoln in Missouri, it is not difficult to foresee the ultimate result in that State. Slavery is doomed there, and "Democracy" is doomed. Missouri, in less than another score of years, will be a free State, and proud and happy in her redemption, will outvie New England in the steadfastness of her devotion to Republican principles.—*Quincy, (Ills.) Whig.*

The *Union* (Ala.) *Banner*, says of the secessionists:—

"Their idle speculations and blustering braggodocia are doubtless well calculated to alarm the weak and timid, but can only excite the pity and contempt of men of sense and nerve; better, perhaps they think, to run away than to stay to fight another day, and so out of the Union it is presumed they will go at the first good opportunity. Well, we are of those who will cheerfully give them a free passport and a wide berth, so that their fighting powers will not be submitted to the test of which they are willing the world shall consider them the possessors; but we cannot but advise those who are opposed to secession to unite quietly, but efficually on a policy that will show these secessionists that there is a power and an influence, which, while it will interpose no obstacle to their peaceable severance from the Union, will at the same time hold them after the perpetration of the act, as aliens and foreigners. This is the only punishment we would inflict.

We will cheerfully shake hands with South Carolina, and as secession is the ultimatum of her desire, bid her an affectionate, but final, *farewell.*

From Georgia.—The Macon *Telegraph* cries out "Hold on" to the Legislature of that state, thus: "If our telegrams are correct, some of our Legislators must have strange ideas of the right, powers and duties of the General Assembly of Georgia. They are actually resolving and willing the State out of the Federal Union, and then propose to call a Convention of the people to *ratify* the act! Did anybody ever hear the like? Suppose the Convention should not ratify—what then? Which will topple off the stool—the Legislature or the Convention?

The Newbern (N. C.) *Progress* is unwilling to sacrifice everything to the support of slavery. It says:

We have no confidence in Lincoln's honesty or professed friendship for the South, and in urging the Southern States to preserve the Union we do so because we think that submission, with both Houses of Congress on our side, for four years, will be preferable to extinguish the last hope of the lovers of freedom upon earth. If free institutions prove a failure in Republican America, where are they to find another foothold?

Pluck.—The editor of the La Crosse (Wis.) *News*, who bet his "pile" against Lincoln, says: If Democracy is dead Buchanan has killed it. But one thing is certain—not only ourself, but thousands of Democrats—men who never bow to power, intend to *sit up with the corpse*, and in 1864 be on hand at the Resurrection. We can stand it as well as our neighbors, for four years, and the pot may boil.

Wealth of the Church of England.—The total number of high offices, such as bishoprics and rectorships, &c., in the Church of England, amounts, in the United Kingdom, to 15,500, with a total revenue of twenty-five millions of dollars, divided under the patronage of the following persons:

The Queen of England, or, rather, her ministers, can dispose of 200 dignities and 200 rectorships, with a total revenue of £400,000. The Prince of Wales prefers 29 rectorships, which produce £8,000.—The Lord Chancellor has the patronage of 788 church offices, worth £2,000,000. The Duke of Lancaster disposes of 48 rectorships amounting to £10,000 a year.—The Archbishops, Bishops, Deans and Canons prefer to 4,000 high offices and rectorships, worth £1,000,000. The University of Oxford has the patronage of 482 rectorships, with a revenue of £150,000, and that of Cambridge 307, which are worth £100,000. There are, besides, 7,063 rectors, under particular patronage, who get a total revenue of £2,000,000, and 12,216 other offices and rectorships, with a total revenue of £4,000,000.

Lastly, there are in the Protestant Church of Ireland, 2 Archbishops, 13 Bishops, 300 high dignitaries, and 2,000 Vicars, whose total annual rent amounts to £1,000,000.

It is thus seen that the Church of the United Kingdom is wealthier than that of any other country in the world.

PRINT WORKS STOPPED.—We learn from the Providence *Journal*, that owing to the stagnation in the market, Messrs. A. & W. Sprague have stopped their print works. We understand that some of the other printers have for several weeks reduced their production. The market for prints has been dull for some time, and in the panic in the New York money market, sales are naturally very limited; but we have no doubt that trade will soon revive, and that the works temporarily suspended will start again to their full capacity of production, and that the market will be all the better for diminishing the present supply.

Nearly all the wholesale houses of Charleston, says the Southern *Cultivator*, have made large importations of goods, *direct* from Europe, the present season.

Valuable Receipts.

A Useful Liniment.—Take of linseed oil and lime water, equal parts of each, and mix them. This liniment is very valuable in burns and scalds; efficacious in preventing inflammation after such accidents.

Cholera Morbus.—Take half a tablespoonful of fresh burnt, finely powdered charcoal, and a like quantity of powdered loaf-sugar, fifteen drops of peppermint; moisten with water, take, and in two hours repeat the dose.

An Excellent Cake.—Take one cup of butter and three of sugar, well rubbed together; then take five eggs which have been beaten very light, and stir them by successive portions into the above mixture, adding also four cups of flour and a cup of sweet milk. Add nutmeg and a wine glass of rosewater; and also add a teaspoonful of solution of cream of tartar, and half a teaspoonful of solution of soda. Baking about fifteen minutes in a moderately hot oven will be sufficient.

Chicken Pie.—Take a pair of good young chickens, cut them in small pieces, adding a proper quantity of pepper and salt and small strips of salt pork, and put the whole into a saucepan and cover with water.—Boil for half an hour, add flour and butter to thicken the gravy. Provide a large dish for baking it, served with paste; put the whole into the dish and cover again with a good rich paste, and bake. It is best fresh from the fire.

Tomato Catsup.—To a half-bushel of skinned tomatoes add one quart of good vinegar, one pound of salt, a quarter of a pound of black pepper, two ounces of African cayenne, a quarter of a pound of allspice, six onions, one ounce of cloves, and two pounds of brown sugar. Boil this for three hours, constantly stirring it to keep it from burning. When cool, strain it through a fine sieve or coarse cloth, and bottle it for use. Many persons omit the vinegar in this preparation.

Shrimp Sauce.—Pick half a pint of shrimps, and boil the skins in a gill of water for fifteen minutes; strain the water, and add it, with the flesh of the shrimps, to half a pint of melted butter, and simmer for a few minutes. Add a little anchovy.

Cod-liver Sauce.—Half a pound of cod-liver, previously boiled, cut in large dice, with a little anchovy sauce, to half a pint of melted butter.

ONLY PREPARATION

THAT HAS

STOOD THE TEST OF YEARS,

And grows more and more popular every day!

And testimonials, new, and almost without number, might be given from ladies and gentlemen in all grades of society, whose united testimony none could resist, that Prof. Wood's Hair Restorative will restore the bald and gray, and preserve the hair of the youth to old age, in all its youthful beauty.

Battle Creek, Mich., Dec. 21st, 1858.

PROF. WOOD: Thee will please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, attended with an eruption on the head. A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative about the first of August last. I have faithfully followed the directions and the bald spot is now covered with hair thick and black, though short; it is also coming in all over my head. Feeling confident that another large bottle would restore it entirely and permanently, I feel anxious to persevere in its use, and being destitute of means to purchase any more, I would ask thee if thee wouldst not be willing to send me an order on thine agents for a bottle, and receive to thyself the scripture declaration—"the reward is to those that are kind to the widow and the fatherless."

Thy friend, SUSANNAH KIRBY.

Ligonier, Noble Co., Indiana, Feb. 5th, 1859

PROF O. J. WOOD: Dear Sir:—In the latter part of the year 1852, while attending the State and National Law School of the State of New York, my hair, from a cause unknown to me, commenced falling off very rapidly, so that in the short space of six months, the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana, my more casual acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were to recognize me at all

I at once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair could again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1857, your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dollars' worth of your Restorative, and as a result, have a rich coat of very soft black hair, which no money can buy.

As a mark of my gratitude for your labor and skill in the production of so wonderful an article, I have recommended its use to many of my friends and acquaintances, who, I am hap. y to inform you, are using it with like effect. Very respectfully, yours,

A. M. LATTA,
Attorney and Counsellor at Law.

GREAT INDIAN REMEDY.
For Females.

Dr. Mattison's Indian Emmenagogue.

This celebrated Female Medicine, possessing virtues unknown of anything else of the kind, and proving effectual after all others have failed, is prepared from an Indian Plant used by the natives for the same purpose from time immemorial, and now for the first time offered to the public. It is designed for both MARRIED and SINGLE ladies, and is the very best thing known for the purpose, as it will bring on the Monthly Sickness in cases of obstruction after all other remedies of the kind have been tried in vain. This may seem incredible, but a cure is guaranteed in all cases, or the price will be refunded.

1000 Bottles

Have been sold in eighteen months, WITHOUT A SINGLE FAILURE when taken as directed, and without the least injury to health in any case. ☞ It is put up in bottles of three different strengths, with full directions for using, and sent by Express, closely sealed, to all parts of the country. PRICES:—Full strength, $10. Half strength, $5. Quarter strength, $3 per bottle. Either will cure, but the strongest is the best, as it takes less, and cures in the SHORTEST TIME. ☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES, No. 28 UNION STREET, PROVIDENCE, R. I. ☞ REMEMBER! This medicine is designed expressly for OBSTINATE CASES, where all other remedies of the kind have been tried in vain. Beware of IMITATIONS! None warranted unless purchased DIRECTLY of Dr. M. ☞ Orders by mail promptly attended to. Write your address PLAINLY, and direct to DR. H. N. MATTISON as above.

REMEDIAL INSTITUTE,
—FOR—
Special Diseases,
No 28 UNION ST., PROVIDENCE, R. I.

☞ This SPECIALITY embraces all diseases of a PRIVATE nature both of MEN and WOMEN, by a regularly educated physician of twenty years' practice, giving his WHOLE attention to them. ☞ Consultations by letter or otherwise are strictly confidential, and medicines will be sent by Express, secure from observation, to all parts of the United States. Also, accommodations for patients from abroad wishing for a secure and quiet Retreat, and good care until restored to health. Circulars giving full information with the most undoubted references and testimonials sent by mail. Also a pamphlet on DISEASES OF WOMEN and on Private Diseases generally, sent FREE by enclosing one stamp as above.

To Invalids.

All who have any serious or troublesome disease will very naturally seek advice somewhere, and this leads me to say a few words on the CHOICE OF A PHYSICIAN. And first, LET ALL QUACKS, IMPOSTERS AND HUMBUGS ALONE. If you have an intelligent physician in your vicinity apply to him, and follow his direction for a sufficient length of time, and he will probably cure you; if not, then apply to one who makes your disease a SPECIALITY, for no physician in general practice, no matter how eminent, can treat a given disease or class of diseases as successfully as one of the same ability who devotes his whole attention to them. But here let me put you on your guard, ADVERTISING PHYSICIANS, IN NINE CASES OUT OF TEN, ARE IMPOSTORS. Unable to write a single sentence correctly themselves, they copy by the half column the quack advertisements from the Boston Herald, simply changing the names and place of business. They publish FALSE CERTIFICATES of persons who NEVER EXISTED, enticing the unwary into their rooms, and after getting their names and residences, extort large sums of money from them under threats of exposure, or insult them by their coarse and vulgar profanity. There are scores of persons who will read this that can attest to its truth from EXPERIENCE, and yet they are compelled to suffer in silence for fear of exposing themselves. The only security against imposition is in making INQUIRY before consulting ANY ONE. Take no man's word, but ask for the PROOF, one word of which is worth more to you than half a column of extravagant and false ASSERTIONS. If you allow yourself to be misled by false statements and go blindly into traps set for you without ma- [illegible] too late.

DR. MATTISON is the only educated Physician in Providence, if not in New England who devotes exclusive attention to Private Diseases and Diseases of Women, and he furnishes the most undoubted references and testimonials to all. If there are any others, LET THEM DO THE SAME.

MR. GEORGE SHARROCK takes this opportunity to inform his numerous patrons, and the public generally, that he has commenced the TIN PLATE AND SHEET IRON BUSINESS, in all its branches. THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the manor born."

'ardly Realized.

Hi 'ad 'n 'orrible 'eadache this hafternoon, hand I 'stepped into the hapothecaries hand says hi to the man, "Can you hease me of an 'eadache?" "Does it hache 'ard," says 'e. "Hexceedingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pon me 'onor it cured me so quick that I 'ardly realized I 'ad ad an 'eadache.

☞ HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz: Symptomatic and Idiopathic. Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting *sick headache*, of hepatic disease constituting *bilious headache*, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches: Anæmia and plethora are also affections which frequently occasion headache. Idiopathic Headache is also very common, being usually distinguished by the name of *nervous headache*, sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named *Neuralgia*.

For the treatment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the disease of which Headache is the unerring index.

Bridget.—Missus wants you to send her a box of Cephalic Glue, no, a bottle of Prepared Pills, —but, I'm thinking that's not just it naither; but perhaps yo'll be afther knowing what it is. Ye see she's nigh dead and gone with the Sick Headache, and wants some more of that same as relaived her before.

Druggist.—You must mean Spalding's Cephalic Pills.

Bridget.—Och! sure now and you've sed it, here's the quarther and giv me the Pills and dont be all day about it aither.

Constipation or Costiveness.

No one of the "many ills that flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in carelessness, or sedentary habits; it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and others of like nature, while a long train of frightful diseases such as Malignant Fevers, Abscesses, Dysentery, Diarrhœa, Dyspepsia, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease and destroy this dangerous foe to human life.

FACT WORTH KNOWING. Spalding's Cephalic Pills are a certain cure for Sick Headache, Bilious Headache, Nervous Headache, Costiveness and General Debility.

Cephalic Pills,
CURE SICK HEADACHE!

Cephalic Pills,
Cure Nervous Headache!

Cephalic Pills,
CURE ALL KINDS OF HEADACHE!

By the use of these Pills the periodic attacks of *Nervous or Sick Headache* may be prevented; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained.

They seldom fail in removing the *Nausea* and *Headache* to which females are so subject.

They act gently upon the bowels,—removing *Costiveness*.

For *Literary Men, Students*, Delicate Females, and all persons of *sedentary habits*, they are valuable as a *Laxative*, improving the *appetite*, giving *tone* and *vigor* to the digestive organs, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the *nervous* system or from a deranged state of the *stomach*.

They are entirely vegetable in their composition, and may be taken at all times with perfect safety without making any change of diet, *and the absence of any disagreeable taste renders it easy to administer them to children.*

In all acute diseases, such as Fevers, Inflammations, Diarrhœa, Dysentery, Croup, Rheumatism, and such eruptive diseases as Scarlet Fever, Measles, and Erysipelas, the advantage of giving the proper remedies promptly is obvious, and in all such cases the specifics act like a charm. The entire disease is often arrested at once, and in all cases the violence of the attack is moderated, the disease shortened, and rendered less dangerous.

Coughs and Colds, which are of such frequent occurrence, and which so often lay the foundation of diseased lungs, bronchitis, and consumption, may all be at once cured by the Fever and Cough Pills.

In all chronic diseases, such as Dyspepsia, Weak Stomach, Constipation, Liver Complaints, Piles, Female Debility, and Irregularities, old Headaches, Sore or Weak Eyes, Catarrh, Salt Rheum, and other old eruptions, the case has specifics whose proper application will afford a cure in almost every instance. Often the cure of a single chronic difficulty, such as Dyspepsia, Piles or Catarrh, Headache or Female Weakness, has more than paid for the case ten times over.

We would invite especial attention to the IMPROVED SHUTTLE MACHINE, it being very simple, not liable to get out of order, uses a straight needle, runs with great speed, and makes the stitch alike on both sides. Though made expressly for TAILORS AND SHOE BINDERS, it is found to be as well, if not better, adapted to the general work of a family as any machine that has yet been invented. Despair Not, Relief is at Hand

CAUTION TO THE AFFLICTED.

Dr. Cudworth,
NO. 3 ORANGE STREET, PROVIDENCE

AFTER an extensive practice for many years, and witnessing the rise and fall of empyricism to almost an alarming extent, owing to the laxity of the laws in large cities, which gives to the mere ignoramus the same privilege of practicing medicine in all diseases incident to the human system, which the most scientific, skilful and experienced physician and surgeon can in any case claim, deems it his duty to caution strangers to beware of certain up-starts, who make great pretensions to the healing art, without so much as a shadow of medical education.

The experience of many years in cases of a venereal nature, in its various forms, will prove beneficial to those suffering from such diseases, and from his practical knowledge of every symptom consequent on, or arising from badly cured cases of Venereal Complaint, he would caution all having any secondary symptoms remaining, to be at once cured properly before it has undermined their constitution, and broken down their intellectual faculties.

LOOK TO YOUR CASE IN TIME! Medicine prepared at a moment's notice.

All communications will be promptly attended to,

TO YOUNG MEN—The temptations to which youth are constaly exposed, and the various snares laid to entrap them by thousand designing are fearfully on the increase in this city of "steady habits." All who may be suffering from any such indiscretions, should bear in mind that the sooner they make their situation known to some practical medical man, the better it will be for their future welfare and happiness. Dr CUDWORTH can be consulted at all hours to advantage.

YOUNG MEN, YOU CAN BE CURED—Dr. CUDWORTH calls the attention of young men to his splendid and invigorating Compounds, so famous for the cure of the following kiseases,

Coughs, Catarrh, Bronchitis, Consumption, Asthma, all diseases of the Chest and Lungs, Dyspepsia, Liver Complaint, Cancer, Scrofula, Erysipelas, &c., Pains in the Limbs and Joints, Dizziness in the Head, Ringing in the Ears, Loss of Memory, Confusion of Ideas, Constitutional Debility, Want of Rest, Loss of Apertite. Cold Hands and Feet, Rush of Blood to the Head, Melancholy Forebodings. Trembling in the Stomach, Palpitation of the Heart, Pain in the Sides and Back, and all symptoms caused by Semina Weakness, or any other complaints which indiscreet persons are subject to,

BE WISE—When afflicted with a certain disease do not spend your money to have your health ruined by taking a host of medicines, such as mixtures, extracts, specifics, antidotes, etc, that are advertised as certain cures, which will only drive the unfortunate victim almost to despair. Call at once on a physician who will cure you in a few days

CONFIDENTIAL—Ladies or gentlemen requiring medical advice or treatment arising from any cause, would do well to banish all present diffidence and make an early application to Dr. Cudworth, The Doctor's long and successful practice, together with the marvellous cures, are unquestionable guarantees of his skill and ability.

DR. CUDWORTH'S FEMALE SPECIFIC—This remedy, which has been so successfully used in all cases of Suppression and Irregularity incidental to married and single ladies, is only to be procured at his office, No. 3 Orange street, Providence, R. I.

The testimony as to the invaluable virtue of this curative over all others, is incontestable.

Sent by mail to all parts of the Union, or by express. All letters enclosing $1 for advice, duly attended to.

WORCESTER, Dec. 15, 1858.

DR. CUDWORTH—*Dear Sir*:—I have experienced so much benefit from your remedy, that I beg to tender you my most sincere thanks.
